? +1 +2 +3 +4

A straight of 5: any 5 numbers in a row, starting from any number (for example 2-3-4-5-6).

87

★★★★★

? +1 +2 +3 +4 +5

A straight of 6: any 6 numbers in a row, starting from any number (for example 1-2-3-4-5-6).

88

★★★★☆

1

A straight of 3 in one colour: 3 numbers in a row on dice of a single colour.

89

★★★★★

1

A straight of 4 in one colour: 4 numbers in a row on dice of a single colour.

90

★★★☆☆

Two pairs: two different numbers that each appear at least twice.

91

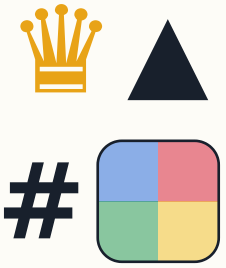

★★★★☆

A full house: one number at least three times and another at least twice.

92

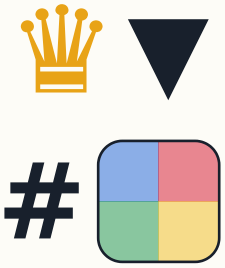

★★★☆☆

Have more dice than any other player.

93

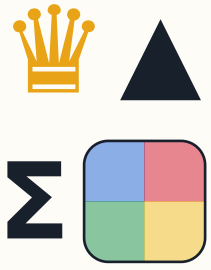

★★★☆☆

Have fewer dice than any other player.

94

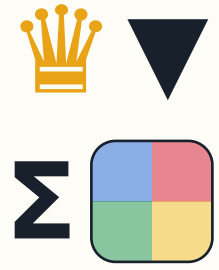

★★★☆☆

Have your dice add up to more points than any other player’s.

95

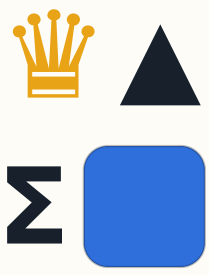

★★★☆☆

Have your dice add up to fewer points than any other player’s.

96

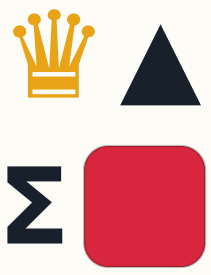

★★★☆☆

Have your blue dice add up to more points than any other player’s.

97

★★★☆☆

Have your red dice add up to more points than any other player’s.

98

★★★☆☆

Have your green dice add up to more points than any other player’s.

99

★★★☆☆

Have your yellow dice add up to more points than any other player's.

100

★★★☆☆

Have your blue dice add up to fewer points than any other player's.

101

★★★☆☆

Have your red dice add up to fewer points than any other player's.

102

★★★☆☆

Have your green dice add up to fewer points than any other player's.

103

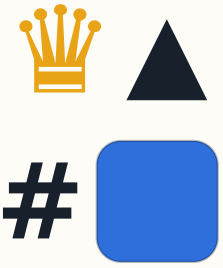

★★★☆☆

Have your yellow dice add up to fewer points than any other player's.

104

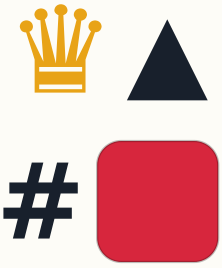

★★☆☆☆

Have more blue dice than any other player.

105

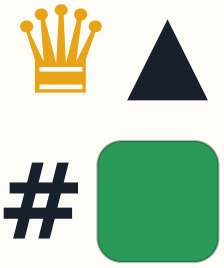

★★☆☆☆

Have more red dice than any other player.

106

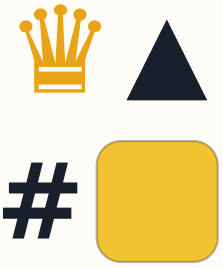

★★☆☆☆

Have more green dice than any other player.

107

★★☆☆☆

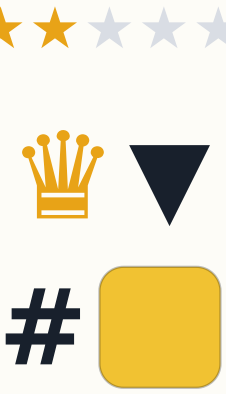

Have more yellow dice than any other player.

108

Have fewer blue dice than any other player.

109

Have fewer yellow dice than any other player.

110

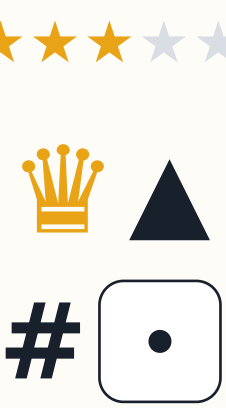

Have dice of more different colours than any other player.

111

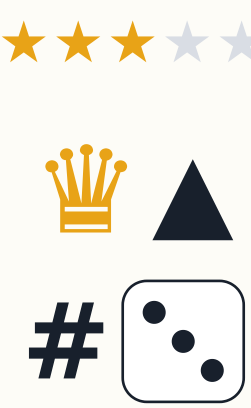

Have more dice showing a 6 than any other player.

112

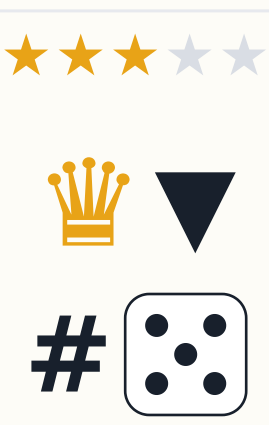

Have more dice showing a 1 than any other player.

113

Have more dice showing a 3 than any other player.

114

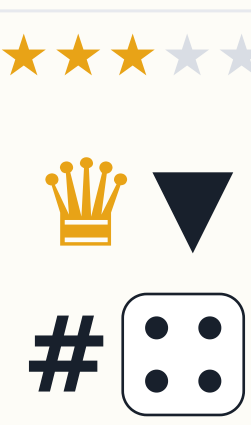

Have fewer dice showing a 5 than any other player.

115

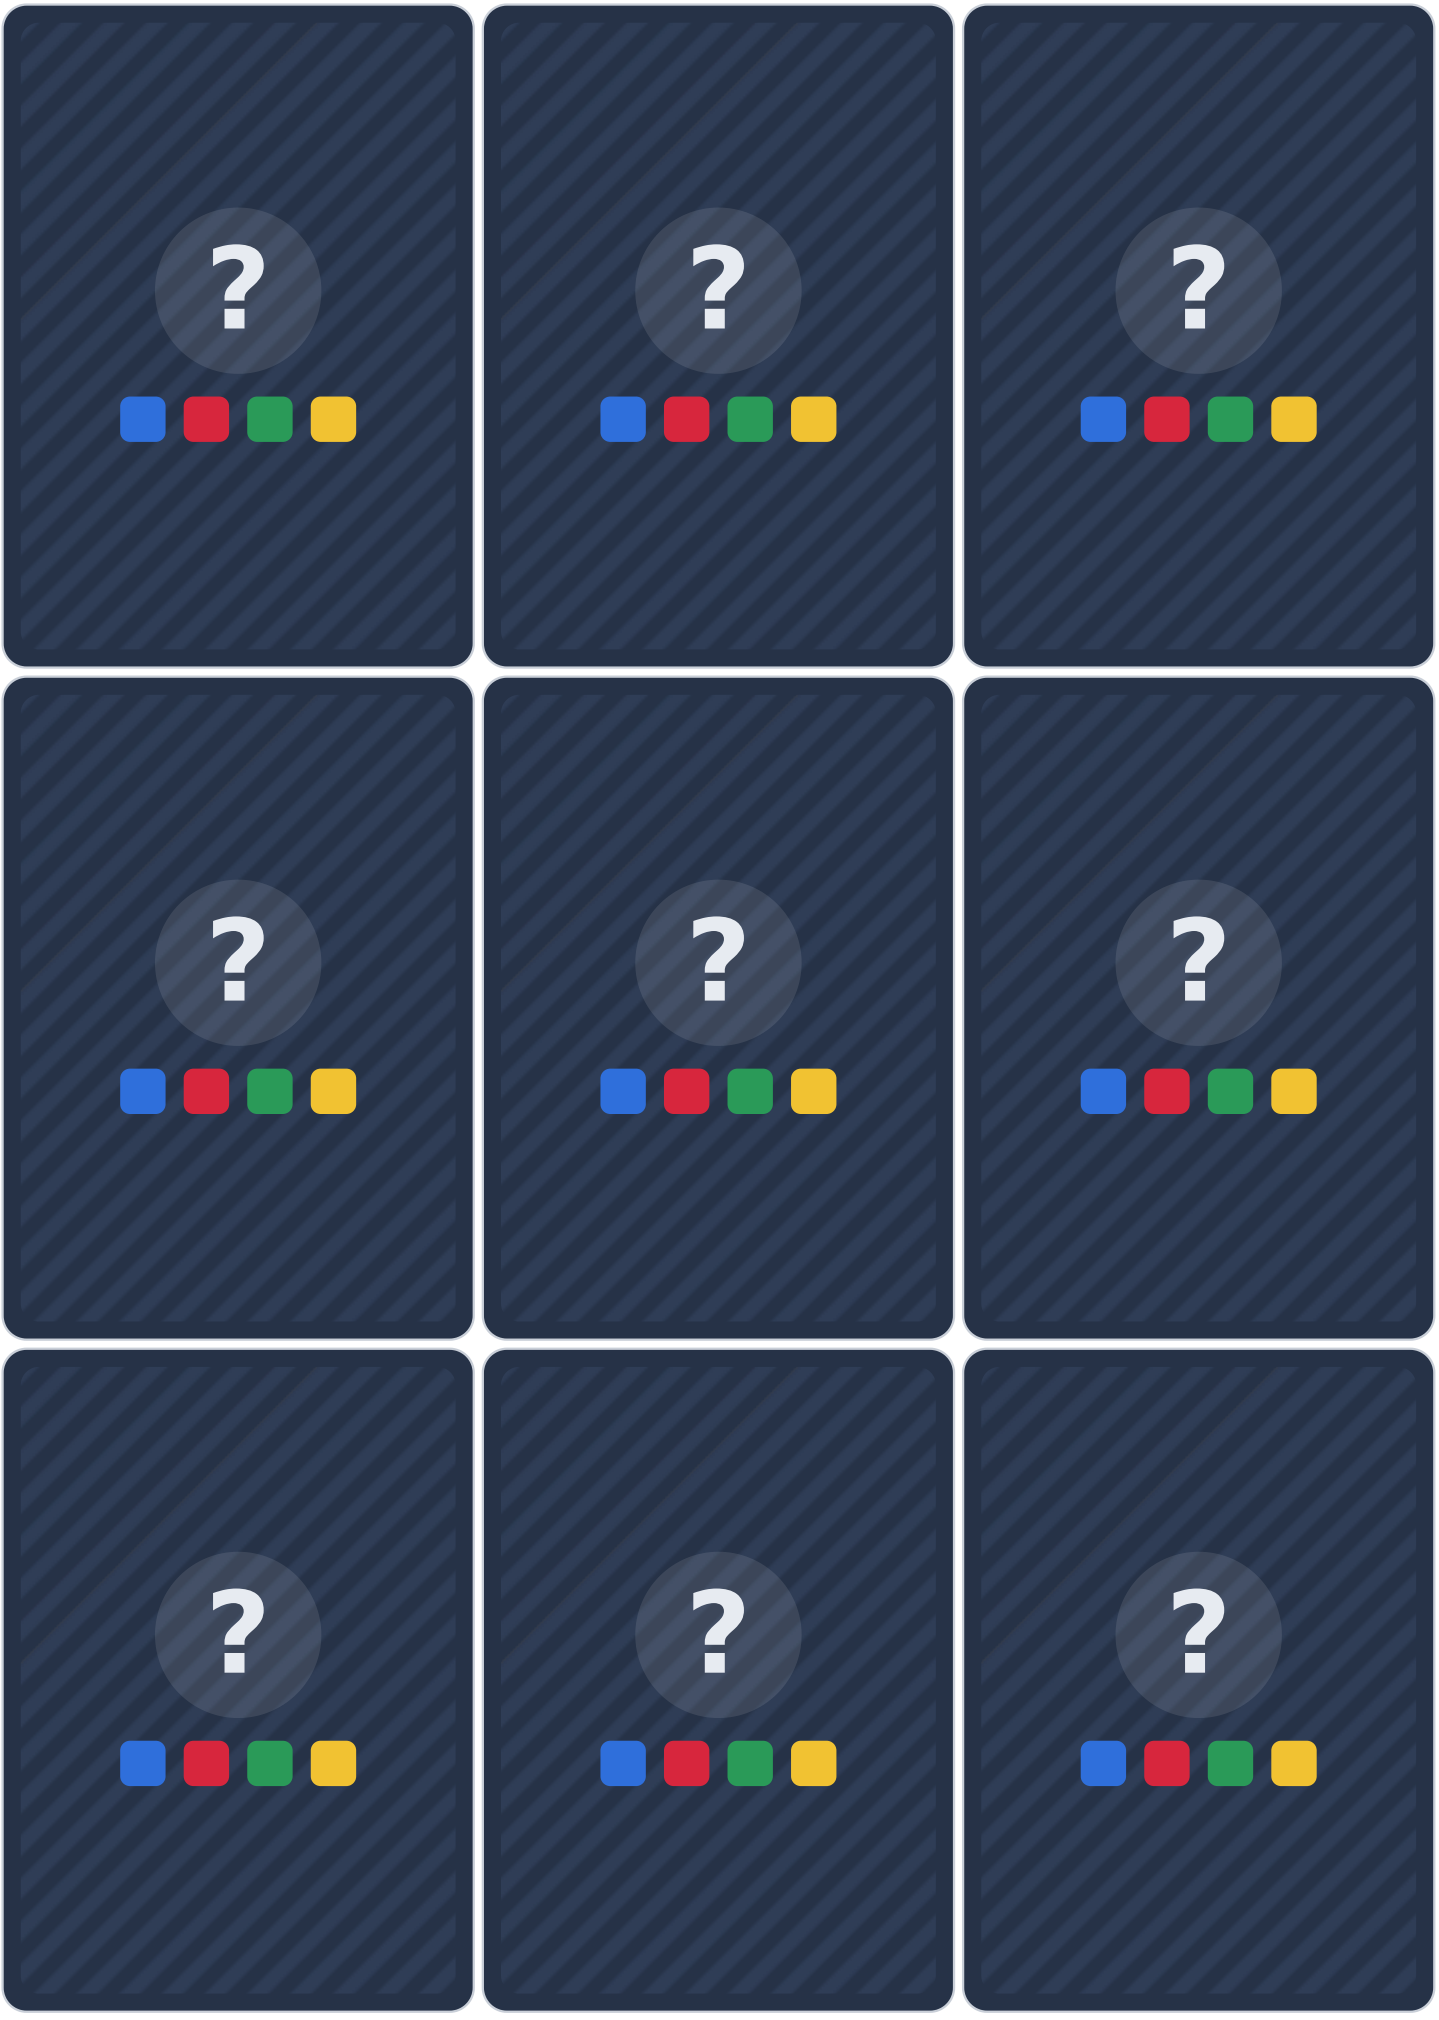

Have fewer dice showing a 2 than any other player.

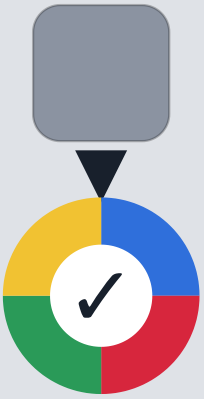

116

Have fewer dice showing a 4 than any other player.

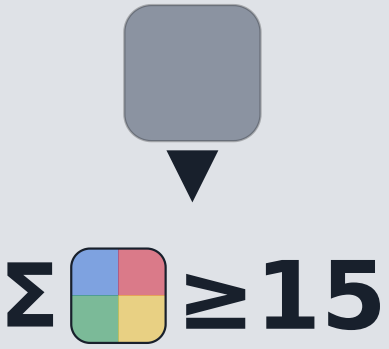

117

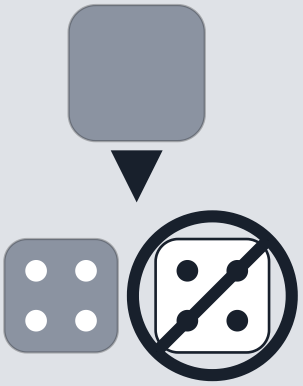

The player with the grey die must have at least 1 die of each colour in play.

G1

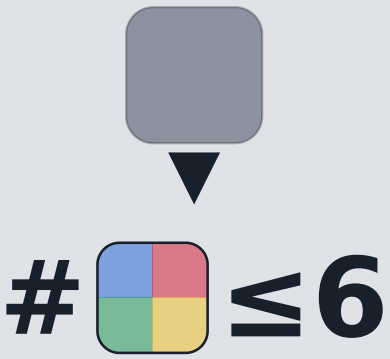

The player with the grey die must total at least 15 (grey die included).

G2

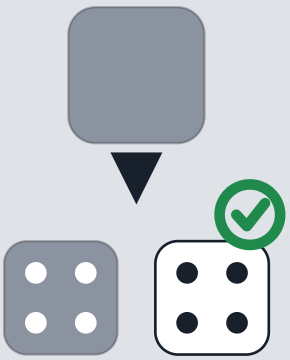

The player with the grey die can’t have another die showing the same number as the grey die.

G3

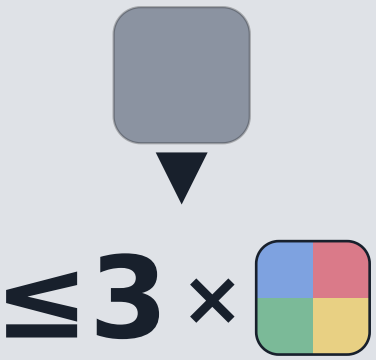

The player with the grey die can have at most 6 dice (grey die included).

G4

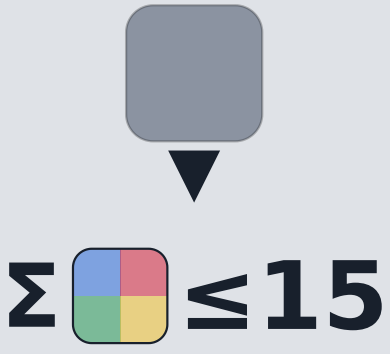

The player with the grey die must have at least one other die showing the same number as the grey die.

G5

The player with the grey die can’t have more than 3 dice of a single colour.

G6

The player with the grey die can’t total more than 15 (grey die included).

G7

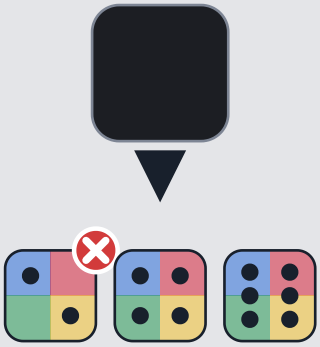

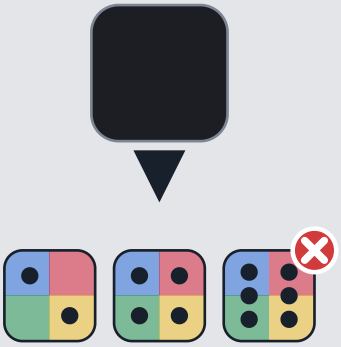

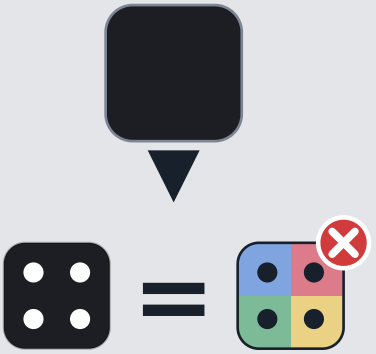

Remove your lowest die (the one with the fewest pips you have).

N1

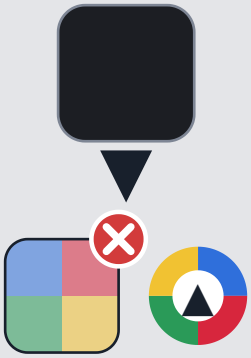

Remove your highest die (the one with the most pips you have).

N2

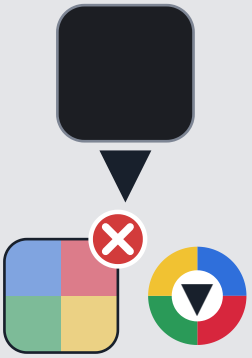

Remove a die with the same value as the black die.

N3

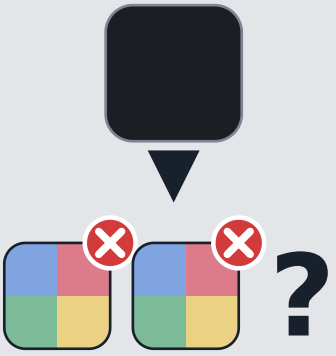

Remove a die of the colour you have most of.

N4

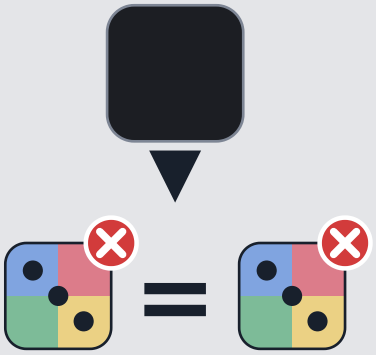

Remove a die of the colour you have fewest of.

N5

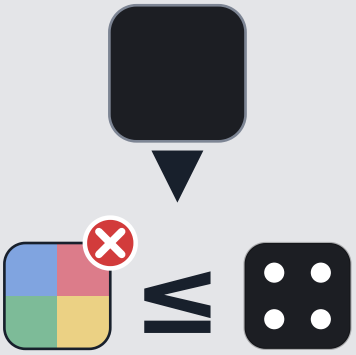

Remove 2 dice at random.

N6

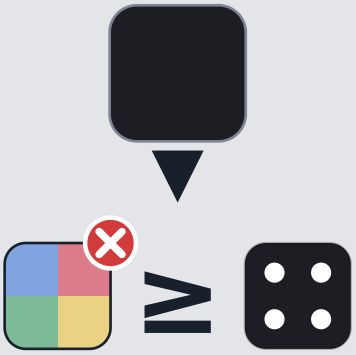

Remove two dice with the same value.

N7

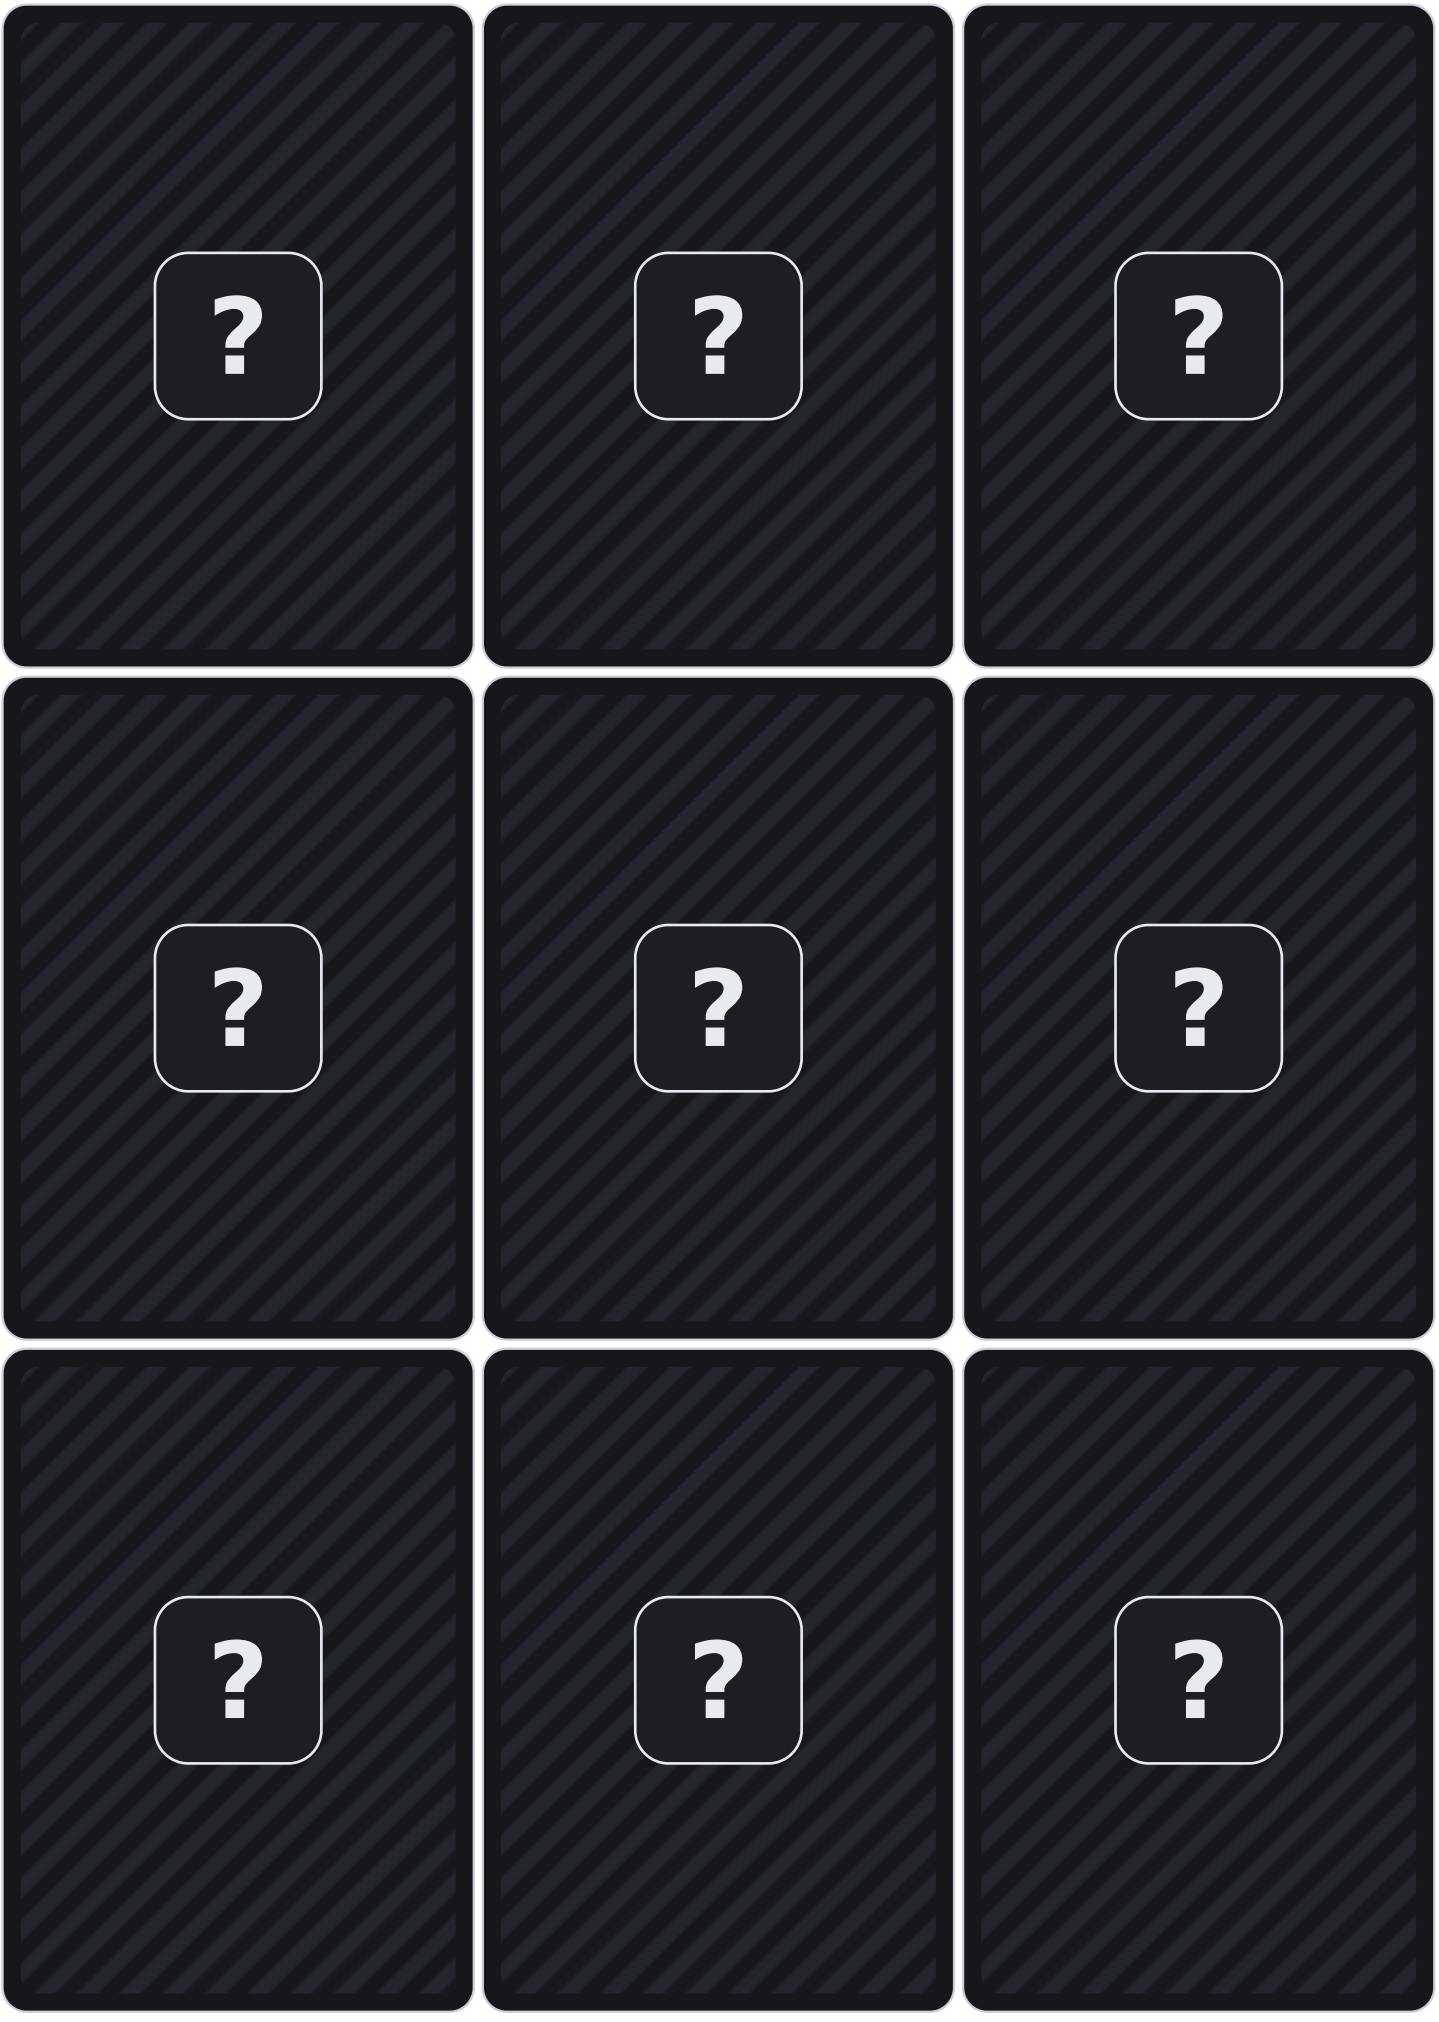

Remove a die with a value lower than or equal to the black die.

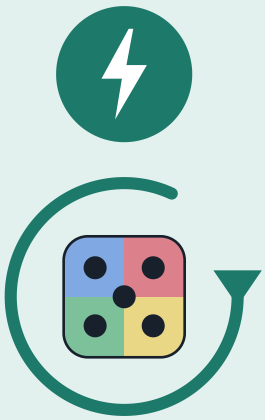

N8

Remove a die with a value higher than or equal to the black die.

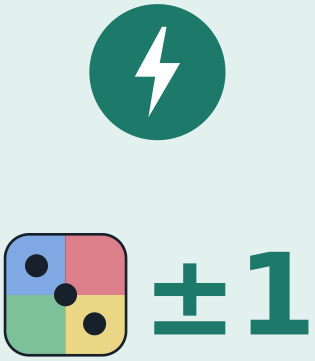

N9

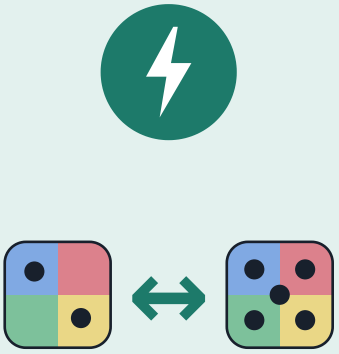

Reroll a die.

A1

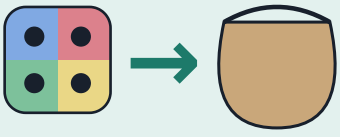

Add or subtract 1 to a die
(never below 1 or above 6).

A2

Flip a die to its opposite
face (1↔6, 2↔5, 3↔4).

A3

Remove a die: it goes back
into the bag.

A4
